

## CONFESSES TO HIS GREAT AMBITION

**BRYAN WOULD LIKE FOUR YEARS IN WHITE HOUSE.**

**Monster Reception Accorded the Silver Leader on His Way Through the National Capital to Begin His Tour of Maryland Today—Roosevelt Receives Ovarious in New York**

Washington, Oct. 23.—Ten thousand people packed the Pennsylvania station at seven forty-five o'clock this morning when Bryan's special car arrived. The candidate went immediately to an automobile which had difficulty in proceeding to the home of former Congressman Springer where he breakfasted.

In the meantime a big crowd gathered at the Baltimore and Ohio station. There Bryan addressed them from a seat in the automobile. "I have never cared for Washington as a permanent residence," said Bryan, "but under the stress of peculiar circumstances I could be comfortable here for four years." The crowd finished the sentence for the speaker. He spoke of the civil service saying that this contest was for higher things than the possession of a few salaries. He acknowledged being ambitious but not to be president of the United States and king of the Philippines.

The crowd struggled to shake hands and the police finally cleared a way to the train which left at nine o'clock for Rockville, Ind.

### Roosevelt in New York.

Kingston, N. Y., Oct. 23.—Theodore Roosevelt is on his tour of New York state on the trail of William J. Bryan. The governor was greeted by large crowds as he swept up the Hudson valley, and he found at each stopping place some auditor who plied him with questions. The governor resented these interruptions, and intimated by his answers that he regarded the life of a candidate on a national ticket as being about as strenuous as any in the catalogue. Gov. Roosevelt traveled eighty-nine miles during the day and made nine speeches. The crowds which greeted him in West Nyack, Congers, Haverstraw and Cornwall were fair-sized and enthusiastic. Not less than 20,000 people assembled in Newburg to do homage to Gov. Roosevelt and to Mr. Odell, the Republican candidate for the office Gov. Roosevelt now holds.

**Mr. Stevenson in Michigan.**  
Grand Rapids, Mich., Oct. 23.—Adlai E. Stevenson arrived here from Chicago at 1:30 p. m., and an hour later addressed an open-air meeting in Campau square. Mr. Stevenson went to Muskegon for an evening's meeting and returned to take the midnight train for Petoskey. He will spend three days in Michigan.

**Rival Meetings in Louisville.**  
Louisville, Ky., Oct. 23.—Library Hall was too small to hold the crowd that wanted to hear Senator Albert J. Beveridge of Indiana. While the senator was speaking for McKinley in this hall Bourke Cockran was speaking for Bryan at the Auditorium, so the clans were to a large degree separated.

**Five Children Burned.**  
Montreal, Oct. 23.—Five children of Arthur Leblanc, a shoemaker, were burned to death this morning in a tenement house fire.

**Big Fire in St. Paul.**  
St. Paul, Minn., Oct. 23.—A fire at four o'clock this morning destroyed the livery barn of J. B. Cook & Son. Fifty-two horses and forty-one vehicles were burned. Loss, \$100,000.

**American Troops Leave Pekin.**  
Pekin, Oct. 23.—The Fourteenth infantry left Pekin yesterday for the coast. It was escorted beyond the gates by the Ninth and the remaining American cavalry.

**Revolution in Haytai.**  
Kingston, Oct. 23.—A movement to overthrow the government of President Sam of Haytai is said to have been started by a Haytain exile now heading a filibustering expedition to the Haytain capital.

## WOMEN WAIT FOR ELECTION.

**Honors for Mrs. Bryan and Mrs. Roosevelt Depend on Polls.**

New York, Oct. 23.—Either Mrs. Roosevelt or Mrs. Bryan will be the next president general of the Daughters of the American Revolution. Neither is at present a member of the order but both are eligible, and one of the board of managers has just made the statement that within the last week papers have been made out for the admission of both to the ranks of the Daughters.

If McKinley and Roosevelt are elected then the choice will fall upon Mrs. Roosevelt, and if the democrats win the honor will be conferred upon Mrs. Bryan. The election will not take place until next February.

If either Mrs. Roosevelt or Mrs. Bryan should fail of election, then Mrs. Donald MacLean of New York comes in for third choice.

Burt Lincoln, who now makes his headquarters in Chicago, is in the city

## LIST OF STORM VICTIMS GROWS.

**Reports From Scenes of Lodi, Texas, Cyclone Show Great Loss of Life.**

Fort Worth, Tex., Oct. 23.—Later reports from the Lodi cyclone states the loss of life is greater than at first stated. Some ten or fifteen people are said to have lost their lives. It is definitely known six negroes were killed in one house that was demolished. It is feared that the worst reports have not yet been received. Many country houses were blown away.

## SOME CHANGE IN FREIGHT RUNS.

**New Time Card That Went into Effect on Sunday.**

A new time card went into effect on the C. M. & St. P. road on Sunday. This is the regular fall card that takes the place of that governing the trains on the Green Bay division during the summer.

The new card will not effect the passenger trains running into this city but there will be a few changes in freight trains.

## OFFICIAL BALLOT OF BADGER STATE

**Social Democrats and Socialistic Party Can Have Columns Only in One or Two Counties.**

Madison, Wis., Oct. 23.—The official ballot of Wisconsin outside of Milwaukee will have five columns. In Milwaukee county it will have seven columns. The reason for this difference is that in Milwaukee and possibly in one or two other counties the several democratic and socialist labor parties cast at the last general election enough votes to entitle them to a place on the official ballot.

As they will each have a column it will add that much to the official ballot. Outside Milwaukee and the one or two other possible counties, however, these parties did not cast the required 1 per cent. vote and their nominees will go the ballot as individual nominations.

Even in Milwaukee, though, only the congressional, county and legislative nominees of these parties can be printed in column under the party name. The law will compel the printing of their electoral and state candidates in the individual nomination column. State Printing Clerk Arthur Meggett has completed the sample ballot and it was exhibited today at the office of the secretary of state.

## COLORED PRISONER BEFORE THE COURT

**Beloit Man Anxious To Have His Case Disposed Of—Tired of Jail Life.**

At 10 o'clock this morning in the Rock county municipal court was called the case of the State of Wisconsin vs. Harry Van Dulzer. The defendant is a colored man who was recently arrested in Beloit on the charge of attempted assault. It is alleged that he chased a girl with a large carving knife. The case being called this morning was adjourned until next Monday at 2 o'clock. Mr. Van Dulzer is about five feet in height. He says he is tired of jail life and that he hopes that his case will soon be disposed of.

### Ex-President to Speak.

Indianapolis, Ind., Oct. 23.—Ex-President Harrison accepted an invitation to address the national convention of the American Public Health association this evening. Nearly 200 delegates have arrived from Mexico, Canada and nearly every state of the Union. After General Harrison speaks to-night there will be given the annual address of the president of the association, Dr. Bryce of Toronto, Canada.

### Five Hurt in a Saloon Riot.

Chicago, Oct. 23.—Beer glasses, chairs and movable furniture became weapons at the saloon of Adam Stefamacka. As a consequence five persons are in the county hospital. The men injured were Polish laborers, who, the police believe, were attacked by union men whose places they had taken. Their names are: Joseph Josiba, Frank Jasroskoski, John Sornorowski, Louis Zerager, Frank Ceskaski.

### Unger et al Indicted.

Chicago, Oct. 23.—Dr. August M. Unger, Francis W. Brown and Frank H. Smiley were each indicted on three separate counts by the grand jury upon charges of conspiracy to commit fraud. The basis of the case lies in the sudden and somewhat suspicious death of Marie Defenbach, who died Aug. 25, having first been heavily injured, it is asserted, through the instrumentality of the men indicted.

### Consul Comes Home to Vote.

Liverpool, Oct. 23.—James Boyle, United States consul at Liverpool, has sailed for New York, by permission of the Washington authorities, for the purpose of exercising his right as a citizen of the United States to vote in the coming presidential election. Mr. Boyle is a strong supporter of President McKinley, to whom he acted as private secretary for some time.

## BRYAN TO BE THE STAR PERFORMER

**DEMOCRATS THINK THEY CAN CARRY ILLINOIS.**

**Perry Heath Takes the Nebraskan to Task on Militarism, and Calls Him a Falsifier—Jones Proclaims Flag Day—Hanna To Make a Few More Speeches.**

Chicago, Oct. 23.—W. J. Bryan will be the star performer of the last week of the democratic campaign in Illinois and Chicago. He will come to the state for at least one day and possibly for three days. He is billed for one speech in Jacksonville, the home of M. F. Dunlap, and one at Bloomington, the home of Adlai E. Stevenson. The remainder of whatever time he may have to spare for Illinois will be given to Chicago.

The dates for these campaign closing appearances have not been definitely settled, but will probably fall in the latter part of next week.

### Hopes to Carry Illinois.

Mr. Bryan is coming here because the democratic state and local managers have convinced the national managers and Mr. Bryan himself that Illinois can be carried. Ever since the campaign opened the policy of Mr. Bryan and of his managers has been to save the last week for his supreme effort in the territory where it would do the most good.

Mr. Bryan is billed to speak in New York again Saturday night and remain in that state until October 29, or next Monday. Then he will come West.

**Jones Proclaims "Flag Day."**  
Chairman Jones of the democratic national committee has proclaimed the celebration of "Flag Day" next Saturday, preliminary to winding up the campaign in a blaze of patriotic glory. The republicans had a "flag day" in 1896.

### Hanna Will Stop Speaking.

Senator Hanna will make seven and possibly eight more speeches in this campaign and not another one. This determination he said yesterday was absolute. Several delegations of Indiana men called on him yesterday prepared to urge that nothing but a speech by him in the territory represented by each would save the state. All were denied.

### Heath Says Bryan Falsifies.

Perry S. Heath took up W. J. Bryan on "militarism" yesterday. Mr. Heath charges that Mr. Bryan has willfully falsified in making it appear that the republican administration has established a permanent standing army of 100,000 men, whereas the increase in the army holds only until next July, when the army will revert to its former status of less than 3,000 men. He then attacks Mr. Bryan's contention that the president recommended to congress a standing army of 100,000 when the country was at peace.

### Betting as a "Straw."

Willis J. Abbot issued a statement on the subject of election bets and their fallibility as a "straw." He went through newspaper files to show that at this time—the later part of October—in 1888, the odds were 5 to 2 and 2 to 1 in favor of Cleveland, who was beaten election day by Harrison; that in 1892 the odds were 3 to 1 in favor of Harrison and against Cleveland, yet Cleveland won, and that in New York's election in 1898 the odds were 3 to 1 against the election of Roosevelt.

## DRUGGED THE GIRL THEN KILLED HER

**Arrest of Four Young Men For Abusing And Murdering a Young Woman At Paterson, N. J.**

New York, Oct. 23.—George Kerr, Walter McAllister, William Death and Andrew Campbell are under arrest charged with the murder of Jennie Bosschier at Paterson, N. J., Thursday night. Death, the police say, confessed to the men drugging the girl, and taking her in a cab to a lonely part of Paterson, outraged her. When they found she was dying they hurried to a doctor's office but it was too late. They drove to the Wagerow bridge and threw the body out where it was found.

### DOWNFALL OF A "KING."

**Former "Best Dressed Man in Wall Street" Is Degraded.**

New York, Oct. 23.—Walter C. Dodge, who acquired fame as "the best dressed man in Wall street," is under \$300 bonds in Brooklyn for failure to support his wife and three children. Mrs. Dodge is a patient in St. John's hospital with a nervous disorder, caused, it is said, by her husband's misconduct and neglect. Dodge was a successful broker in Wall street several years ago and was noted for his natty attire. Drink caused his downfall. When Dodge was arraigned in court he was shabbily dressed. He had only ninety cents in his pocket. He told the magistrate that he was a solicitor of printing for a firm in Manhattan and made barely enough to keep him from starving.

## ADMIRAL SAMPSON IS DYING OF GRIEF

**LIEUT. HOBSON'S TOUCHING PLEA FOR HIS CHIEF.**

**The Brave Old Seaman is Heart Sore Over Ingratitude—Hero of the Merimac, Just From Bedside of Admiral, Speaks Earnestly of the Latter's Merit.**

Atlanta, Ga., Oct. 23.—During his present visit to his home in Alabama and wherever he has appeared in public, Lieut. Richmond P. Hobson has been quoted as saying that Admiral Sampson is dying of a broken heart, owing to the Sampson-Schley controversy which followed the naval engagement at Santiago. He is quoted as follows:

"When last Saturday, Oct. 13, I saw in the papers that Admiral Sampson was ill, I took the next train to Boston and spent Sunday with him. His health is declining. His physicians are baffled at his malady. His organs are right but his health does not improve.

### Breaking His Heart Brooding.

"We touched on one or two subjects. For a little while he could not speak. Soon he had to be carried to his room and I did not see him again. Mrs. Sampson told me that this great man was brooding, was breaking his heart at the thought that his fellow countrymen were so unkind.

"I said to Mrs. Sampson: 'When I visit my Southland, if the opportunity offers itself, I wish to tell them something of this majesty of character.' She replied: 'You dare not.' Your Southland was quick, and vigorous to resent what was thought to be an attempt to take away the laurels of one of its great men."

"I came to Washington and saw the secretary of the navy and the president. To them I also stated my intention and they both gave me consent, warning me, however, of what I might expect."

### Has Not Received Justice.

Mr. Hobson in his speech at a public reception today said Admiral Sampson had not received simple justice at the hands of the American people. He said: "It has been sought to place him in a despicable light before the world. To make him an incompetent, narrow-minded man and jealous of the fame of his contemporaries, particularly of his illustrious naval chief. As his junior officer serving under him I expressed the deliberate opinion that Admiral Sampson is the colossal figure of the Spanish-American war—the genius of the naval victory of Santiago. He is unmatched today as the directing mind of a war squadron on the seas."

## ENORMOUS INCOME OF ROCKEFELLER

**He Draws From 60 to 75 Millions a Year—His Daily Income Reaches \$164,363.**

New York, Oct. 23.—The announcement that the next quarterly dividend of the Standard Oil Company will probably be at the rate of 12 per cent, making 60 per cent. for the year, again calls attention to the enormous income which John D. Rockefeller receives from his interest in the great enterprise.

Mr. Rockefeller is said to hold 31 per cent. of the capital stock of the parent institution, from which his income during 1900 will be \$15,500,000. In addition to his stock in the Standard Oil Company, Mr. Rockefeller is also said to own 49 per cent. of the stock of the subsidiary companies. The trust owns the remaining 51 per cent. of these minor companies, and up to this time, not including the next quarter, it has drawn \$38,000,000 from this ownership.

Mr. Rockefeller's share of the dividends so far declared this year by the parent trust is \$11,780,000. His 49 per cent. share of the profits of the subsidiary companies is \$36,510,000, making up \$48,290,000 that he has received so far this year from his interest in oil, but this man's wealth is so great that the oil industry, immense as it is, is not large enough to employ his riches. He owns an interest in the innumerable railroads, banks, insurance and trust companies, mining corporations and in industrial enterprises.

St. Petersburg, Oct. 23.—A dispatch received here from Vladivostok says cholera is increasing in such an extent in Japan that steamers thence have been quarantined. The dispatch adds that there have been a number of deaths on board steamers coming from Nagasaki.

## FOOTBALL TEAM MUST BRACE UP

**Coach King Out of Patience With Varsity Team, Because of Their Indifference.**

Madison, Wis., Oct. 23.—The practice at Camp Randall this afternoon clearly developed the fact that if Wisconsin doesn't play better ball than it is playing the Badgers will meet double defeat this year. The sentiment is gaining ground among the students that the critical game this season is to be against Minnesota a week from Saturday. And in the shape that the team is in at present it seems probable that Minnesota is on the high road to the championship.

Wisconsin must brace up in order to defeat the Gophers, and if she does not it means that the team will go to pieces to such an extent that Chicago will again be victorious. Although it is a little early in the season to begin predictions as to the outcome, signs point to a four cornered contest for the championship between Iowa, Minnesota, Chicago and Wisconsin.

Michigan is clearly out this year and Iowa's not being defeated last year will only be put out of the race by being defeated by Chicago on the same day Minnesota and Wisconsin settle their claim for the banner.

Yesterday afternoon King was completely out of patience with the men in the line. They could not hold the scrubs for downs three times in succession, while the scrubs succeeded twice in pushing the regulars the whole length of the field. Harry Bradley, who has returned to the gridiron after a season's lay off, showed up particularly strong on defense. He got under the varsity's advance and stopped their gains time and time again.

The game with Grinnell next Saturday will serve as an index by which Minnesota's chances against Wisconsin the following Saturday will be measured, although no comparison of scores is one of the poorest methods of arriving at the comparative strength of the rival teams.

## NO MORE HUNGER IN ISLAND OF CUBA

**Sugar and Tobacco Crops Are Worth \$100,000,000, While All Industries Are Now Prosperous.**

Washington, D. C., Oct. 23.—"The condition of the people of the island of Cuba to the best of my belief and knowledge is one of content. They realize that wonderful progress has been made and they feel as a people kindly toward and have faith in the people of the United States.

This statement is made by Major General Leonard Wood, commanding the division of Cuba. In an extract from his annual report relative to the administration of the island of Cuba, made public by the war department today, is a statement showing that a remarkable advance has been made by Cuba during the past year.

Hospitals have been established in every important town, asylums have been provided for orphan children, 3,000 schools have been established, 3,000 teachers, most of whom receive higher wages than teachers of corresponding grades in the United States, are employed and there are 150,000 scholars where under Spanish administration, there were not more than 30,000 children attending schools.

General Wood calls attention to the fact that the two southern provinces for the first time are free from yellow fever and in general there has been a great improvement in health throughout the island. Seven hundred miles of railroad have been established, bridges have been rebuilt, streets paved and millions of dollars have been spent on public works, yet there is a surplus of \$1,500,000 in the Cuban treasury. General Wood makes a special point of the fact that hunger in the island is now unknown.

Mrs. P. L. Myers is visiting friends and relatives in Oshkosh.

Christopher Kaiser, who was standing in a mill nearby was struck by a board and his arm was broken. Several teams ran away and a number of passers by had their clothing ruined by the dirt and steam.

One man was carried thirty feet, others were thrown down and received severe bruises.

No one was killed. There were scores of men standing about and it is a great wonder that there were no fatalities.

## WAUSAU TURNS OUT TO WELCOME BOB

**Great Enthusiasm Through the Wisconsin River Valley in the Rain Yesterday—Schedule Today.**

Wausau, Wis., Oct. 23.—About 2,000 people packed themselves into the opera house last evening to listen to the address by Robert M. La Follette on the issues pending before the people. A large number were unable to gain admittance.

It was a day of unparalleled enthusiasm that greeted the republican candidate in the Wisconsin Valley. The entire journey from Minocqua to this place was made in a rain storm. This, however, did not prevent the people from turning out in numbers quite in proportion to the population of the places where stops were made.

There was little attempt at demonstration as a prelude to last evening's meeting. Mr. La Follette was met at the station by a committee of citizens and taken to the Opera House under escort of the band. Robert H. Johnson presided, and the program opened with a song by the Republican glee club.

Mr. La Follette was introduced, and without preliminary remarks took up the issues of the campaign. He discussed them at length his speech occupying about two hours. His remarks were frequently interrupted with outbursts of applause.

Mr. La Follette speaks today at Rhinelander, Emerson, Deerbrook, Birnamwood, Wittenburg, Tigerton, Marlon, Lincolnville, Shawno, Gillet, Oconto Falls with an evening meeting at Oconto.

The young woman asked the men to pay into the society an entrance fee of \$100, after which she promises to see that they are happily wed in the least possible time. The promoter aroused a lot of interest in her plan, and ten young men took the proposition under advisement.

Milton, Wis., Oct. 15, 1900.

The election of McKinley and Roosevelt is a foregone conclusion, but every good citizen who desires a continuation of the present good times and the triumph of American ideas in the far East, should cast his ballot early in the day and then make it his business to see to it that his neighbors do their duty and vote for honest money, prosperity and Old Glory, thus making the victory so complete as to wipe out the party of repudiation, Bryanism and Crokerism. That is the duty of every McKinley voter in Milton and should not be left undone. Milton will be well represented at the La Follette meeting tomorrow night but few of the delegation will go by rail.

### THE DINNER PAUL BRIGADE.

[BY D. H. SMALLEY.]  
(Air—"Believe Me if All Those Endearing Young Charms")

We're marching to victory—November is near;  
We eagerly wait for the fray.

Our leaders, McKinley and Roosevelt, we cheer—  
We'll vote for prosperity's star.

It's McKinley and Teddy or Roosevelt and Mack.  
Either way goes as we'll show;

With our bullets we'll bury the free silver pack,  
Deep as dead leaves 'neath winter's cold snow.

We're marching to victory—the full dinner pail  
Will do for a term or two more;

Honest labor wins bread, and the free silver  
wall cannot make us forget '91.

Chorus—It's McKinley and Teddy, etc.

The flag that our fathers with honor have borne,  
Unswerving, still floats on the breeze;

And hearts that are loyal, proclaim the glad  
morn'g of freedom, far over the seas.

Chorus—It's McKinley, etc.

The prairies are teeming, the furnaces glow;  
While riches roll out from the mine;

We'll keep the good times, Mr. Bryan & Co.,  
November will find us in line.

Chorus—It's McKinley, etc.

## RUSH OF BUYERS FOR TOBACCO CROP

Some Speculation by a Trade Journal  
On the Anxiety of Traders to  
Get the First Pick.

What do you think of the rush of buyers in the rural tobacco districts? This question has been put to us innumerable times during the past two weeks says the United States Tobacco Journal. But it is no new question.

It is asked every year about this time, though always asked in a tone of naive surprise, as if the occurrence were novel, unheard of. For that reason we have given up thinking about it. Time was when we innocently shared the surprise and wondered what the duce impels our packers to rush into the rural tobacco districts and load up with another year's crop at increased prices when the crop of the previous year was still on their hands and could not be disposed of at a much lower figure.

If we were to believe implicitly what we are told we would have to answer the above question with the statement that our packers are the most unselfish philanthropists alive; that they are not in the business to make a livelihood for themselves, not to speak of such a sordid motive as profits; but to enrich solely the poor, oppressed tobacco growers. For if they would only take the green crops off the farmers' hands at this time and at the prices asked the latter may be starving, which prospect would lay heavily on the consciences of the packers and disturb their peaceful slumbers.

To escape this dreadful alternative they, the packers, prefer to improvise themselves and to see with stoical indifference their capital dwindling away from year to year. Of course the cynic might make fun of such philanthropy and grieve you by tossing at you the stunning question: If these people have lost money in their operations every year for the past ten years, how, in the name of common sense, can they have anything left to buy even a single acre of tobacco, except every one of them had a fortune to squander of the size possessed by the Astors and Vanderbilts and Rockefellers?

Why then do people rush early in the fall into the rural tobacco districts and contract for the green crops at ever advancing figures? The only adequate and common sense answer would be, that after all there must be more than a living in such speculation. True, some do get caught sometimes, as they undoubtedly did in the '92 New England and Wisconsin crops. But as a rule the pretension of losses seems to be overdrawn. The profitability of early buying depends, like other speculation, on the circumstances stimulating them. In the case of the leaf tobacco trade it depends on the progress and advance of the cigar industry. As long as the cigar industry prospers and makes rapid advances every year, the speculation of early buying can hardly fail to be successful, because there will be an undoubted demand for the tobacco. It was so for the '98 crop; it is so for the '99 crop and all the prospects point that the demand will be the same for the 1900 crop.

### DO YOU WANT THIS AGAIN?

How Things Were with the Army of the Unemployed in Democratic Times.

[From the Chicago Inter Ocean, Dec. 9, 1893.] That contingent of "the army of the unemployed" which has found shelter for a few nights in the corridors of the city hall returned to its old quarters again last night, bringing along many recruits.

The night before 40 or more of the lodgers thought to regale themselves with sandwiches, but were set upon by their less fortunate and famishing comrades, and a "bread riot" was precipitated which called forth police officers to quell it. Notwithstanding this riot, the chilled and starving applicant was not refused lodging room last night. He came up to police headquarters dubiously, but was admitted.

At ten o'clock the long first-floor corridor from Washington to Randolph street was covered with men and boys, fast asleep on the cold, damp pavement. Men were half-reclining on the stairways, and the poor wretches on the floor, had others standing over and about them, envious of the place upon which they lay, cramped, drawn up, and crowded by others who shared their miserable bed.

### VALUE OF GRAIN CROPS.

Higher Prices Have Been the Result of Republican Aid to the Farmer.

The value of the principal grain crops of the country under free trade and protection was as follows:

	1896.	1899.
Corn.....	\$10,000,000	\$10,000,000
Wheat.....	\$10,000,000	\$10,000,000
Oats.....	\$10,000,000	\$10,000,000
Rye.....	\$10,000,000	\$10,000,000
Barley.....	\$10,000,000	\$10,000,000

Total.....\$98,546,549 \$1,155,731,716  
Providence brought the crops, but it took the republican policy of giving the wage-earners a chance to buy these crops, that has brought the higher prices to the farmers.

"Thou changest not—yet, I am always changing," said the substitute to Rocky Mountain Tea. Made by the Madison Medicine Company. 35 cents. Smith's pharmacy, kodak agents, opposite P. O.

### Telephones on Street Cars.

St. Louis, Mo., Oct. 23.—Something entirely new in street-car conveniences is the telephone being fitted to the cars of the St. Charles, Rock Road & Western company. The value of this innovation is obvious. The motorman is at all times able to communicate directly with the office, the sheds or the wrecking crew, as occasion may demand, and, further, passengers will find this of convenience when they wish to let friends at their destination know the exact time at which to be ready to meet them. The instrument is placed in the rear of each car, the negative wire being connected permanently through the wheels to the rail and the positive wire being fitted with a simple device resembling a jointed fishing pole by which connection is secured with a private overhead wire, paralleling the trolley.

## MR. BRYAN'S WARNING

"If there is anyone who believes that the gold standard is a good thing, or that it must be maintained, I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it."—Hon. William Jennings Bryan, Knoxville, Tenn., Sept. 10, 1896.

## PROHIBITION.

The prohibitionists of Dane county attempted to place on their ticket the name of Rev'd Hall of Madison. Mr. Hall declined the honor with the statement that he was working for McKinley's election and proposed to vote for him this year. Quite a number of third party men are following Mr. Hall's example and it is gratifying to know that they are coming back to the old party.

State prohibition in Wisconsin is an issue that is utterly hopeless. Sensible men are discovering that a vote for the third party ticket is half a vote for Bryanism and the interests at stake are of too vital importance to make any mistakes of that kind this year. If public sentiment in the state ever reaches a point where more stringent laws can be enforced, it is safe to say that the republican party will not hesitate to enact them. The party believes in good morals. It has always been the party of progress and humanity and if its hands can be upheld and strengthened by good men it will continue to accomplish good results.

The hoodlum element that broke up the Hanna meeting at South Omaha last Saturday, will have an opportunity to go down to Lincoln after election and practice on their favorite candidate for the campaign of 1904. Mr. Bryan's following is a motley crowd in which the South Omaha faction is largely represented. He should colonize this element in Nebraska, and if possible prevent their escape.

## KENTUCKY'S DISGRACE.

The trial and conviction of the young man Henry Youtsey for complicity in the murder of Goebel, closes another chapter in the history of disgrace that the state of Kentucky has been recording for the past few months.

Youtsey was a stenographer in the secretary of state's office, a young man of good character, 26 years of age. Charges were brought against him by Goebel's brother who accused him of saying that he had been the means of bringing in 1,000 armed mountaineers to assist in Governor Taylor's inauguration. When Youtsey was brought into court and heard the charges preferred he was overcome with indignation, and the nervous strain on him was such that he collapsed and fell unconscious; in a few days he became delirious and during the trial was brought into the courtroom on a cot. He was convicted and sentenced to life imprisonment while in this condition by twelve democratic jurymen with a democratic

judge on the bench. His own lawyer who was also a democrat, yet a man who had some decency and sense of justice, denounced the proceedings as a travesty and brutal in the extreme. The case has been appealed and if possible will be tried again before an impartial court.

The state of Kentucky has been making history for the past few months that is a disgrace to the state.

The Youtsey trial is a climax that should so arouse public indignation as to check the villainous proceedings. Governor Taylor, the man who was honestly elected, is a refugee from his own state, fearing to return because threatened with trial in the same court that has just disposed of the Youtsey case.

It is about time that Kentucky called a halt. Public sentiment is rapidly placing the seal of public condemnation on the state. The people believe in justice but not of the Kentucky stripe.

The prosperity banquet to be given by the Marquette Club at the Coliseum in Chicago tomorrow evening will be an object lesson worthy of the close of a successful administration. The hall containing one hundred tables loaded with substantial products of the farm and accommodating 3,000 guests, gathered, many of them, from the ranks of labor, is a pleasing background to the soup house of four years ago.

## TAYLOR TO OPEN ROLLER RINK HERE

SKATING CRAZE WILL BE REVIVED NEXT MONTH.

Goodly Sum Being Spent in Making the Necessary Preparations—The Former Rink Building Will Be Utilized—Opening Night—Much Merriment in Store for Future.

After years of silence the roller skating rink craze is to be revived in Janesville. F. A. Taylor & Co are to be sole proprietors of the enterprise which will be located in the old rink building on South River street.

During the past month several carpenters and painters have been busily engaged in changing the interior of the mammoth building till it now presents a most inviting appearance. The floors have been made to shine like glass. To accomplish this has alone involved an expense of \$300.

The entire interior has been painted white. Seats have been placed to accommodate 500 people on the south side. The latest style ball bearing skates have been purchased at an expense of \$1,200. The skating space will cover about the same area as in the old rink.

No city in the entire West has a more spacious rink structure than the one now controlled by Messrs. Taylor and company. It is the intention to open the new rink about the middle of the month. The opening night promises to be a brilliant affair. The building will be gaily decorated and the band will be in attendance.

During the last year several large roller rinks have been constructed in the West. Roller rinks that cost several thousand dollars have been erected at Racine, Wis., Clinton, Ia., Munice, Ind., St. Paul and Milwaukee. In all parts of the country the roller skating craze has been revised and present indications are that the sport will again come in favor in the Bower City.

## MR. HENRY MILLER DIES AT CHAPPAQUA

FORMER WELL KNOWN RESIDENT OF JANESVILLE.

**Acquired Fame Through Patenting the Famous Air Brake—Mr. Miller Experimented with the Brake in This City in the Early Days—Will Be Remembered by Old Residents.**

Henry Miller, a former resident of Janesville and an intimate friend of the late Horace Greeley, is dead at Chappaqua, N. Y., in his eightieth year. He was a son of Col. Isaac Miller, the first mayor of Auburn, who was related by marriage to William H. Seward. Mr. Miller came to Chappaqua forty years ago from Detroit. He was the inventor of the steam and air brake. His patent was issued Jan. 2, 1855, and all railroad brakes now in use, it is said, are patterned after his invention.

The idea came to Mr. Miller after an accident near Norwalk, Conn., in 1854, and in the years 1856 and 1857 there were several successful trials of his brake on the New Haven railroad and the Michigan Central. They were witnessed by his friends, Horace Greeley, William H. Seward and other public men. A widow and three children survive him.

While a resident of Janesville Mr. Miller resided on South Main street and is well remembered by many of the early settlers.

On arriving at Hayward he introduced Mr. La Follette who made a short speech from the depot platform. Mr. McNamara is an able young man and if elected will no doubt be a credit to the party and to the district.

## FORMER RESIDENTS GIVEN RECEPTION

WILLIAM RUGER AND WIFE GIVE FUNCTION.

Fifty Local Residents Extended Greeting Last Evening to Mr. and Mrs. Henry Wright—Mr. Wright is Paymaster in the United States Navy—A Pleasant Evening Spent

Last evening at the South Bluff street home of Mr. and Mrs. William Ruger a delightful reception was given in honor of Mr. and Mrs. Henry Wright who are visiting in the city the guests of Mr. and Mrs. Ruger.

Fifty invited guests extended greeting and the function proved one long to be remembered. The home was beautiful with cut flowers, smilax and autumn leaves.

Light refreshments were served the tables being presided over by Mrs. W. A. Jackson, Mrs. William Ruger, Jr., and the Misses Josephine Carle, Mable Shumway and Louise Crosley.

Mr. Wright, who was formerly a resident of Janesville, now holds the responsible position of paymaster in the United States navy.

## CHIEF SHAFFER DOES NOT WANT THE MEN

TRY TO IDENTIFY FOOTVILLE POSTOFFICE ROBBERS.

Not the Bandits Wanted at Fond du Lac—United States Marshal Also Here To See Inmates of the Rock County Jail—Some Trouble About the Reward.

Chief of Police Shaffer of Fond du Lac was in the city yesterday for the purpose of trying to identify the three men caught at Evansville Sunday night with the bank robbery committed at Fond du Lac last week.

While he knows the men well they do not answer to the description of the ones that did the work. One of the men, Hess, was in Fond du Lac jail a while ago on a sentence but Chief Shaffer says that he was released on the plea that he was a British subject.

The other men were equally well known to him but as the description did not tally with the ones of the Fond du Lac safe-crackers the chief returned home this morning minus the men.

Deputy W. S. Marshall Jonas is also in the city for the purpose of identifying the men if possible.

There appears to be quite a question about the reward to be paid for the arrest of the men. The U. S. has a standing reward of \$200 a head for men breaking U. S. laws, but if the trial takes place in any other court than a U. S. court the reward would probably not be paid. As the men are held for trial here Officer Broughton of Evansville is exceedingly doubtful of receiving his \$600 reward.

## ST. PAUL ENGINEERS WANT MORE WAGES

Local Residents Are Much Interested In Meeting That Has Been Called.

Engineers of the Chicago, Milwaukee and St. Paul want more pay for operating the big locomotives that have recently been put in service on this and many other roads. A committee of nineteen engine drivers, representing the 2,000 engineers of the entire Milwaukee and St. Paul system reached Chicago Friday to lay their grievances before the officers of the company. The committee is known as the general board of adjustment of the Brotherhood of Locomotive Engineers of the Chicago, Milwaukee and St. Paul railway. The board has a number of questions on its program for settlement with the management of the company, but more wages is the paramount grievance. A meeting between the members of the committee and General Superintendent Underwood of the road was held Saturday afternoon.

## THE STRIKERS GIVE BATTLE.

Fights with Police and Special Officers.

## CLUBS AND STONES ARE USED.

Revolvers and Shotguns Fired Into the Air Only—Several Persons Injured in the Riots but None Seriously—Situation Critical.

Wilkesbarre, Pa., Oct. 23.—The first riots to occur here since the strike of anthracite coal miners began took place today. The first of these was at the Empire washery in the morning. The second and most serious happened at the same place in the evening, three non-union men being sent to the hospital in consequence, while two policemen were injured, and a number of strikers hurt. The company put twelve men at work on the culm bank late in the afternoon, and, despite the efforts of the police to keep the crowd moving, 2,000 strikers quickly gathered, standing on the township land where the police had no jurisdiction. The first bad blood was caused by the arrest of Mrs. Mary Zellinski, a Polish woman, who had struck an officer. After she was put in the patrol wagon the strikers tried to rescue her, and had to be beaten off by the officers. Soon after this a crowd of 500 strikers attacked the twelve non-union men as they left their work. The police and special officers, who tried to protect them, had all they could do to look after themselves, and several of them were hurt. Police Sergeant Jones had his face cut open at the forehead and chin; Policeman Brown was clubbed, and others were cut and bruised. The officers fired their rifles into the air, but the strikers pressed in on them and exchanged blows for blows, while on the edge of the crowd other strikers fired shotguns and revolvers into the air and added to the general excitement. The police finally formed a ring around the non-union men, three of whom had been beaten into insensibility, and all of whom had been more or less hurt, and succeeded in getting them out of the crowd. They tried to make some arrests, but the strikers again and again rescued the prisoners. John Patsky, Michael Mallen, and Michael Reiscovitz were sent to the hospital, and the others had their wounds treated at their homes. The strikers remained at the scene during the evening, but there was no further violence. The company is hurrying special officers to the scene, and a large force will be in charge of Captain Peck, formerly an officer of the Ninth regiment. In the evening 3,000 strikers are gathered in the vicinity of the washery, and many of them are armed with shotguns and revolvers. This evening there was another riot at the Stanton washery of the Lohigh and Wilkesbarre coal company. When the workmen started to go to their homes under the protection of coal and iron police fully 5,000 people had gathered. A telephone message was sent to police headquarters in this city for help, and Chief of Police Kline and a number of officers responded. The names of the injured men are Bradley Hoffman and John Dellinski. Hoffman was so badly injured that he had to be taken to Mercy hospital.

As the officers were returning to headquarters the electric car on which they rode was stoned, all the windows on one side of the car broken, and Police Sergeant Hall and two other

passengers slightly injured. Mayor Nichols soon reached the scene and warned the mob that they were doing the cause of labor more injury than good.

## Washers Driven Off.

Scranton, Pa., Oct. 23.—The first hostile demonstration of the miners' strike in the Lackawanna region was made at Oliphant, near here, where it was determined to close down the Grassy Island coal washery, operated by the Delaware and Hudson company. The place had been working a force of thirty men during the last two weeks and was daily turning out 1,000 tons of the smaller sizes of fuel for the market. The workmen decided they would return home. The strikers marched with them back to Oliphant, shouting as they passed down the main street. This was the first move toward shutting down the washeries in the valley and if other men at work there do not come out there will be demonstrations of the same nature.

## Anxious to Resume Work.

Wilkesbarre, Pa., Oct. 23.—Most of the companies have now posted the explanatory note, as they call it, in addition to their last offer to the strikers, and it will probably not be replaced. The mining officials say they doubt if the companies will go any further in their negotiations with the men, as they have granted them powder for \$1.50, as they desired, and an increase in wages, and they do not intend to change, as the strikers have altered the demands.

The indications are that if President Mitchell calls the convention for this week, as expected, the delegates will be instructed to vote for a settlement of the strike on the terms proposed by the operators.

They are all anxious to get back to work, and the time is rapidly approaching when they will either have to work or starve.

There is no prospect of the union giving them any aid. The promise of Mitchell to begin the distribution of food and money last Wednesday has not been kept, and the local unions are unable to provide for all those who apply for aid.

"Many of the men who have the money to buy tickets are leaving for the soft coal regions, being tired of waiting for the strike to end, the average being about 75 a day from this district alone. Many more are going this week, according to reports, and will send for their families as soon as they can."

The charitable societies have received a large number of requests for aid, and the United Charities society yesterday made a special appeal for children's clothing and shoes, mostly for the children of the destitute strikers.

## AGREE TO NOTES OF POWERS.

Anglo-German Convention to Be Approved by United States.

## OUR COUNTRY TO RESPOND

In a Formal Manner in Acceptance of the Principles of the Agreement—France Is Agreeable to Anglo-German Peace Terms.

Washington, D. C., Oct. 23.—It was authoritatively stated today that the United States government views with distinct favor the principles enunciated in the Anglo-German agreement relating to China, and that a formal response to that effect will be made at an early day to the invitation extended to this government to accept the principles of the agreement. Before receiving the official invitation from Germany, Mr. Hay had been fully advised of the agreement, and had gone over it with great care with the President yesterday and to-day. The result of these deliberations is summed up in the statement that the government views the Anglo-German agreement with favor. It is also probable some attention has been given to the draft of the American reply. It is likely to be in the form of a note of approval rather than any formal adherence to the alliance, but this is said to be merely a matter of detail. It is probable that the American reply will not go beyond accepting the principle that Germany and Great Britain have a right to agree between themselves as to their eventual course. But there is not likely to be anything which will commit this government to accept this eventual agreement.

## France Will Accept Terms.

Paris, Oct. 23.—It appears probable to-day that France will signify its adhesion to a majority of the propositions in the Anglo-German convention, but will give a certain amount of consolation to public opinion, which is inclined to fear at Delcasse for being taken by surprise by Lord Salisbury and Von Bulow by officially announcing that President Loubet has received another demand from the Emperor of China begging him to urge rapid negotiations for peace. The note was transmitted by the Minister from China in Paris. Minister Delcasse announces that he will issue a yellow book on Nov. 6 giving a complete history of the Chinese difficulty and the attitude of France.

A high official in the foreign office said: "The new convention more closely unites France and Russia and strengthens their mutual interests."

## French Occupy Peking.

Paris, Oct. 23.—Gen. Vovron, commander of the French troops in China, telegraphs from Taku, under date of Oct. 20, as follows: "French troops occupy the railroad and railroad depot at Peking and are reconnoitering north and south as far as the terminus. The railroad is being repaired. Columns from Peking and Tientsin should shortly arrive here."

## Just The Blues.

Many a woman dresses to go out, feels irresolute, sits down, and falls into a fit of despondent musing. Ask her what's the matter, and she'll probably answer "Just the blues." And what are the blues? Only another name, in general, for a disordered liver and a diseased stomach. Cleanse the liver, heal the stomach, purify the blood, and there'll be no more blues. It can be done by the use of Dr. Pierce's Golden Medical Discovery. This medicine puts the diseased organs of digestion and nutrition into a condition of sound health. It eliminates from the blood all impure and poisonous substances, and cleanses the clogged liver. It contains neither alcohol nor narcotics.

"I had liver complaint for the past fifteen years, complicated with dyspepsia and gall stones," writes Mrs. M. Bernier, of 461 Elm St., Oakbrook, Wis. "I doctored with every prominent doctor, and not one of them have done me the good, nor begun to do what your medicines have. I have used three bottles of Dr. Pierce's Golden Medical Discovery, one vial of his 'Pleasant Pellets,' and one bottle of Dr. Pierce's Favorite Prescription, and have gained about eighteen pounds since I first began to take these remedies."

## MOURNING FOR MR. SHERMAN

Proclamation by President of the United States.

### STORY OF HIS PUBLIC LIFE.

President Says Sherman's Course Was Ever Marked by Devotion to Best Interests of His Beloved Land—Burial at Mansfield Thursday.

Washington, D. C., Oct. 23.—The news of John Sherman's death was communicated to the state department by E. J. Babcock, at present private secretary to Secretary Hay. The president personally prepared an expression of the nation's grief and the state department framed a message to be transmitted to the United States ambassadors, ministers and charges abroad, notifying them of the death of ex-Secretary Sherman. President McKinley's proclamation follows:

"By the President of the United States of America. A Proclamation—To the People of the United States: In the fullness of years and honors, John Sherman, lately secretary of state, has passed away.

"Few among our citizens have risen to greater or more deserved eminence in the national councils than he. The story of his public life and services is as it were the history of the country for a half century. In the congress of the United States he ranked among the foremost in the house and later in the senate. He was twice a member of the executive cabinet, first as secretary of the treasury and afterward as secretary of state. Whether in debate during the dark hours of our civil war or as the director of the country's finances during the period of rehabilitation or as a trusted counselor in framing the nation's laws for over 40 years, or as the exponent of its foreign policy, his course was ever marked by devotion to the best interests of his beloved land, and by able and conscientious effort to uphold its dignity and honor. His countrymen will long revere his memory and see in him a type of the patriotism, the uprightness and the zeal that go to molding and strengthening a nation.

"In fitting expression of the sense of bereavement that afflicts the republic, I direct that on the day of the funeral the executive offices of the United States display the national flag at half-mast and that the representatives of the United States in foreign countries shall pay in like manner appropriate tribute to the illustrious dead for a period of ten days.

"Done at the city of Washington this 22d day of October in the year of our Lord one thousand and nine hundred and of the independence of the United States of America the one hundred and twenty-fifth.

"William McKinley, Secretary of State."

The funeral services will be held here Wednesday and the remains taken to Mansfield for burial beside those of Mrs. Sherman. The president is expected to attend the services at Mansfield Thursday.

**Sherman's Life Work.**  
John Sherman was born in Lancaster, Ohio, on May 10, 1823. After the death of his father in 1829 the boy was cared for by a cousin of the same name residing in Mount Vernon, where he was sent to school.

At the age of twelve years he returned to Lancaster and entered the academy, to prepare himself for college. In two years he was sufficiently advanced to enter the sophomore class, but a desire to be self supporting led to his becoming junior roddman in the corps of engineers engaged on the Muskingum.

He was placed in charge of the section of that work in Beverly early in 1833, and so continued until the summer of 1839, when he was removed because he was a Whig.

In 1844 he was admitted to the bar. He formed a partnership with his brother Charles, in Mansfield, Ohio, and continued with him until his entrance into congress.

Mr. Sherman married in 1843 Miss Cecilia Stewart only daughter of Judge Stewart, of Mansfield, Ohio.

**Helped Nominates Taylor.**  
In 1848 he was sent as a delegate to the Whig convention held in Philadelphia, that nominated Zachary Taylor for the presidency, and in 1852 he was a delegate to the Baltimore convention, which nominated Winfield Scott for the presidency.

On Dec. 3, 1855, he took his seat in the Thirty-fourth congress.

His appointment by the speaker, Nathaniel P. Banks, as a member of the committee to inquire into and collect evidence in regard to the border ruffian troubles in Kansas, was one of the most important events in Mr. Sherman's life. Owing to the illness of Chairman William A. Howard of Michigan the duty of framing a report devolved on Sherman.

**As Leader of the House.**

Mr. Sherman was re-elected to the Thirty-fifth congress, and before it closed he was recognized as the real leader in the house and its foremost man. To the thirty-sixth congress he was also re-elected, and its sessions began amid the excitement following the John Brown raid. At the end of eight weeks of contest, Mr. Sherman retired, lacking only three votes of election.

**Planned Pacific Railroad.**  
Mr. Sherman was one of the first to

appreciate the necessity and to discern the possibility of a railroad to the Pacific coast. In the Thirty-sixth congress he introduced a resolution ordering an investigation of the scheme. This action makes Mr. Sherman one of the fathers of the great transcontinental system of communication.

Again in 1860 he was elected to congress, a congress marked by the confident and defiant attitude of the secessionists and the halting perplexity of President Buchanan.

**Career in the Senate.**

In March, 1861, he was elected United States senator, to succeed Salmon P. Chase, who had become secretary of the treasury, and was re-elected in 1867 and 1872. In the senate he was chairman of the finance committee, and served on committees of agriculture, the Pacific railroads, the judiciary and patent office.

After the fall of Fort Sumter, April 1861, he offered his services to General Patterson, as aid-de-camp, without pay, and served until the meeting of congress in July. After the close of the session he returned to Ohio and received permission to raise a brigade. At his own expense it was largely raised, and consisted of two regiments of infantry, a squadron of cavalry, and a battery of artillery, altogether over 2,300 men. This force served during the war and was known as the Sherman Brigade.

**Friend of the Greenbacks.**

His most valuable work was his service in the senate to preserve and maintain the credit of the government and provide for the support of the armies. On the suspension of specie payments, about Jan. 1, 1862, the issue of the United States notes became a necessity. The question of making them legal tender was not received with favor by the business community and bankers, or, indeed by many congressmen. Yet, mainly through the efforts of Senator Sherman and Secretary Chase, this feature of the bill authorizing their issue was carried through the house and senate.

**Miss Est Miner's Money.**

Morristown, N. J., Oct. 23.—After working industriously for many years Ignatz Bella, a miner in the Hurd iron mine at Port Oran, managed to lay by \$5,000. Bella had no faith in savings banks. Placing \$3,750 in one package and \$2,200 in another he hid them in his shanty. He thought to add to his hidden hoard and took out the packages. To his horror mice had chewed up the bills. He hurried to the First National Bank of Dover, where he was told that the bills in the larger package were useless. Part of those in the other package can be redeemed.

**Pope Believed to Be Pro-Boer.**

Rome, Oct. 23.—The address presented by the English Catholic pilgrims to the Pope made reference to the attitude of the inspired Vatican press on the Boer question. The pilgrims stated that they did not believe that the papacy itself was hostile to Great Britain. Pope Leo's answer ignored the allusion altogether. This action on the part of the Pope is now interpreted as meaning that the Pope himself is pro-Boer, like all his curia of cardinals and his semi-official press.

**Dead in Each Other's Arms.**

Corry, Pa., Oct. 23.—Harry Bettis and Daisy Blydenburg, prominent young people, were found dead locked in each other's arms seated on a bench in Corry park this morning. They were lovers, and it is supposed to have been a case of suicide. The girl was shot through the breast and the young man through the head. He still held the revolver in his hand with two chambers empty.

**Is Immured in Shackles.**

Wichita, Kas., Oct. 23.—Frank Allgood, sentenced to three years in the penitentiary for horse stealing, was baptized by immersion at the Christian church here. His hands and feet were shackled and he had to be carried to the baptistry.

**Diamond Cutters on Strike.**

Antwerp, Oct. 23.—The diamond cutters in Antwerp have gone out on strike. Four thousand men are now out. Their business has already suffered seriously on account of the Boer war and the present trouble is likely to affect it badly.

**Cholera Increases in Japan.**

St. Petersburg, Oct. 23.—A dispatch received here from Vladivostok says cholera is increasing to such an extent in Japan that steamers thence have been quarantined. The dispatch adds that there have been a number of deaths on board steamers coming from Nagasaki.

## "Now Don't Get the Blues."

When a cheerful, brave and light-hearted woman is suddenly plunged into that perfection of misery, the blues, it is a sad picture.

It is usually this way:

She has been feeling out of sorts for some time, experiencing severe headache and backache; sleeps very poorly and is exceedingly nervous.

Sometimes she is nearly overcome by faintness, dizziness, and palpitation of the heart; then that bearing-down feeling is dreadfully wearing.

Her husband says, "Now, don't get the blues! You will be all right after you have taken the doctor's medicine."

But she does not get all right. She grows worse day by day, until all at once she realizes that a distressing female complaint is established.

Her doctor has made a mistake.

She loses faith; hope vanishes; then comes the morbid, melancholy, everlasting blues. She should have been told just what the trouble was, but probably she withheld some information from the doctor, who, therefore, is unable to accurately locate her particular illness.

Mrs. Pinkham has relieved thousands of women from just this kind of trouble, and now retains their grateful letters in her library as proof of the great assistance she has rendered them. This same assistance awaits every sick woman in the land.

Mrs. Winifred Allender's Letter.

"DEAR MRS. PINKHAM:—I feel it my duty to write and tell you of the benefit I have received from your wonderful remedies. Before taking Lydia E. Pinkham's Vegetable Compound, I was a misery to myself and every one around me. I suffered terrible pain in my back, head, and right side, was very nervous, would cry for hours. Menses would appear sometimes in two weeks, then again not for three or four months. I was so tired and weak, could not sleep nights, sharp pains would dart through my heart that would almost cause me to fall.

"My mother coaxed me to try Lydia E. Pinkham's Vegetable Compound. I had no faith in it, but to please her I did so. The first bottle helped me so much that I continued its use. I am now well and weigh more than I ever did in my life."—MRS. WINIFRED ALLENDER, Farmington, Ill.

**\$5000 REWARD**  
Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing, we have deposited with the National City Bank of Lynn, Mass., \$5,000, which will be paid to any person who can show that the above testimonial is not genuine, or was published before obtaining the writer's special permission.—LYDIA E. PINKHAM MEDICINE CO.

## POND'S EXTRACT

There is only ONE POND'S EXTRACT, and everybody knows its purity, strength and great medicinal value. Don't take the weak, watery Witch Hazel preparations represented to be "the same as" POND'S EXTRACT. They generally contain "wood alcohol," which irritates the skin, and, taken internally, is a deadly poison. Get genuine POND'S EXTRACT, sold ONLY in SEALED bottles, in BUFF wrappers.
